# Parties for Prevention

to benefit Prevent Child Abuse Rhode Island

## How it works

You can host a party of your own design or you could host a sales party with a licensed vendor.

The licensed vendors will donate a specific amount of the proceeds to Prevent Child Abuse Rhode Island in accordance with their specific company rules and guidelines.

The host or hostess can also run a specific raffle as a part of their party to raise additional cash for Prevent Child Abuse Rhode Island.

Any expenses that the host or hostess incur in the course of putting on their party will be considered in-kind contributions and we will provide a letter stating the same.

Hosts and hostesses will be able to access an online party toolkit that will include a sample invitation, party ideas and planning forms, documentation of tax-exempt status for soliciting donations, information about Prevent Child Abuse Rhode Island, and talking points for the host to make a mini presentation to their guests about the value of their contributions.

However you decide to do it, the proceeds of your party will help Prevent Child Abuse Rhode Island further its mission to ensure the safety and well-being of children in Rhode Island through awareness, education and advocacy.
